

## A Time to Shine

### English

Discover the world of William Shakespeare the well known poet and playwright. Study different plays including comedies and tragedies with a focus on Macbeth. Debate themes in the play and write their own version of this play.  
Research the reading habits and interests of our buddies in Lantic. Develop a story book with illustrations for their buddy that they can present at the end of the year.

### P.E.

Athletics- The children will improve their performance in a range of running, jumping and throwing activities.

Rounders- The children will develop skills in fielding, batting and bowling.

### Maths

Solve word problems involving all four operations, fractions, decimals and percentages.  
Explain reasoning using mathematical vocabulary.  
Enhance mental calculation skills using what we already know about number.  
Solve mathematical problems and puzzles about life through the decades.

### Science

Describe how living things are classified into broad groups according to common observable characteristics based on similarities and differences, including micro-organisms, plants and animals. Learn about life cycles including human reproduction.

### PSHE/SRE

Learn about relationships, types of families and how our actions can affect others. Learn about human reproduction.

### History/ Music

The children will work in small groups to create a project about life in Britain since the 1950's. They will consider how music influenced society and the changes over the decades. This work will culminate in a group presentation sharing their learning.

### Computing

Research life in Britain through the decades. Create a music genre database from the 1950's up to the current day using Microsoft Outlook.

### RE

We will consider how Christians in Cornwall worship including: the Eucharist, the Lord's Supper, the Lord's table, the Breaking of the Bread, Mass and the Divine Liturgy.

### Art

Develop skills in printing using Andy Warhol's Birth of Venus portrait as a stimulus.

### French

We will learn names for parts of the body and describe our differences in French.
